

Sigalas 7 Megalochori

(91)

Typically one of the warmest mesoclimates in the island with southern exposure, Megalochori is one of the unofficial subzones in Santorini. Single vineyard in 2015 it will be a blend of two sites in 2016. Expected style is full bodied with high level of ripeness and good ageing potential. Ripe nose, oxidative and very concentrated with honey, marzipan, buttery notes and minerality present. Big wine with maybe too sweet fruit, bright acidity and clean finish. Nykteri style with no oak.
